Hosted by the Livermore Police Department

Instructors: Eddie Chan and Jonathan Barerra, San Jose Police Department

$595/student | **CA POST Certified: #1345-31715-26-001 - Plan N/A**

Your agency on average spends $100K to hire a new officer and get them through the field training program. But how much thought has been put into the training your FTOs receive? We designed a new modern FTO Update course that **guarantees** your FTOs will learn the best methods to Teach, Evaluate and Document. Come see why our FTO courses receive **100% positive reviews**.

This experience is unlike any other FTO Update course. This is a modern approach to how adults like to learn (No Power Point is used in this course!). Our course is taught by expert-level instructors who guarantee your FTOs will leave with a new set of skills, each designed to help them teach and mentor a trainee or lateral officer through the FTO program. Our instructors are current and former FTOs and FTO Supervisors. They are practicioners, not theorists.

Give your FTOs the best training available and register them today.

"After attending the Savage Training Group FTO course, I felt more informed, more educated and better equipped because this course was informative and utilized interactive teaching styles. To anybody who is on the fence about attending, I say ***go***!"

— Deputy Geoff Hoffman,
San Mateo County Sheriff's Office (CA)

Why FTOs Should Take This Course:

- We use only expert instructors who get students thinking critically. They learn modern teaching techniques based on the science of learning. Our expert teachers make your FTOs expert teachers!
- Each student receives a copy of the Human Resource Industry's leading book about writing performance evaluations. They learn specifically what to write and what to avoid for liability reasons.
- Students receive good and bad examples of Daily Observation Reports and Remedial Training Plans. They then practice writing each and receive expert feedback from our instructors.
- Students learn realistic, meaningful ways to teach De-Escalation, Principled Based Policing and other modern policing subjects.
- Your agency is concerned about hiring and retaining trainees. We give your FTOs new tools to accomplish that mission.

Eddie Chan is a current FTO Sergeant with the San Jose Police Department with over 30 years of experience. He has spent over 14 years as a supervisor in the FTO Program. Eddie has participated in the training of hundreds of trainees and FTOs. **Jonathan Barerra** is an active-duty FTO also with the San Jose Police Department, with years of experience training both recruit and lateral police officers. His previous assignments include working undercover narcotics operations. Eddie and Jonathan are obsessed with delivering highly-engaging presentations and they are the reason why our FTO training programs are so different than the typical "Death by Power Point" courses.
